

SOLDERING OPERATOR

COMPANY DESCRIPTION

4iiii Innovations Inc. is a Canadian sports technology company based in Cochrane, Alberta. 4iiii Innovations Inc. is a team of engineers and athletes dedicated to improving personal performance through the development of superior training tools, including cycling power meters, heart rate monitors, and cycling trainers for the outdoor and indoor cycling and fitness markets. The company seeks to build not only the best and most accurate equipment but to do so at an affordable price so that every athlete can gain the benefits of better training. We're seeking a full-time **Soldering Operator** to join our manufacturing team in Cochrane, Alberta.

RESPONSIBILITIES

- Perform hand soldering, inspection and rework of all flex to gauge assemblies as per Engineering specifications and workmanship standards
- Manual assembly of electronic components including complex projects according to assembly books, custom specs and quality standards
- Mechanical assembly as required
- Component preparation, placement or installation
- Final assembly as required
- Participate in training and certification programs to ensure job knowledge and skills set requirements are updated regularly
- Participate in all team level quality improvement initiatives

SKILLS & QUALIFICATIONS

As the ideal candidate for this role, you:

- Ability to read and understand assembly documentation
- Ability to hand solder, de-solder and identify solder bridging
- Ability to sit for extended periods of time
- Manual dexterity; good hand to eye coordination
- Basic communication skills in both written and oral English
- A positive team attitude

Please email hr@4iiii.com with a cover letter and resume. We thank all applicants for their interest, however, only those selected for an interview will be contacted. For more information please visit www.4iiii.com.
