

MANUFACTURING OPERATOR

COMPANY DESCRIPTION

4iiii Innovations Inc. is a Canadian sports technology company based in Cochrane, Alberta. 4iiii Innovations Inc. is a team of engineers and athletes dedicated to improving personal performance through the development of superior training tools, including cycling power meters, heart rate monitors, and cycling trainers for the outdoor and indoor cycling and fitness markets. The company seeks to build not only the best and most accurate equipment but to do so at an affordable price so that every athlete can gain the benefits of better training. We're seeking **temporary full-time Manufacturing Operators** to join our manufacturing team in Cochrane, Alberta. The position will initially be until May 31, 2021 with the possibility of an extension.

RESPONSIBILITIES

As an important member of the manufacturing team, you will be responsible for assembling, installing, testing electronics, and seeing production units through to shipping. Your confidence in understanding and facilitating the process from beginning to end will add tremendous value to the company and provide personal satisfaction for a job well done.

QUALIFICATIONS

As the ideal candidate for this role, you:

- Possess a high school diploma
- Have a keen interest in electronics
- Are competent using light machines and tools
- Have proven manual dexterity
- Possess excellent computer skills
- Understand the importance of upholding quality standards, and are able to accurately document your work
- Are highly detail-oriented and meticulous
- Enjoy being organized and maintaining a tidy workspace

Please apply via Indeed with a cover letter and resume. We thank all applicants for their interest, however, only those selected for an interview will be contacted. For more information please visit www.4iiii.com.
